

It's Saturday and Nicholas plays
with his Livendell friends in the park

'Nicholas, let's ride space scooters!
We love them!', say his friends.

Nicholas knows that he can't ride space scooters.

His parents always say,

'You are too young to ride a space scooter.'

After five minutes Nicholas also rides with them...

They ride on the space highway.

It's dangerous!

When he is on the scooter
he feels sad and knows that it is a silly thing to ride it.
He is afraid of his parents.
Suddenly one of his friends hits a tree.
All Nicholas's friends run away quickly,
they do not help their friend.
Only Nicholas stays!

Nicholas calls the ambulance.
He holds his friend and waits for help.
When the help arrives
they tell the doctor what has happened.

The ambulance takes Nicholas's friend.

Sylvia and Gabriel come to take Nicholas home. Nicholas is afraid of his parents, they are angry!

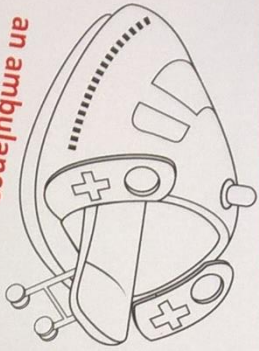

Sylvia and Gabriel say,
'You are very brave because you helped your friend!'

Now Nicholas is proud and his friend knows that
'A friend in need is a friend indeed!'

His friend is now his best friend!

Exercise: Listen to the teacher and colour the pictures.
